

Event Information

Island Soiree presented by Grand Strand Health to Benefit The Horry County Firefighter's Relief Fund March 22, 2019

The Horry County Firefighter's Relief Fund (HCFFRF) will be hosting an Island Soiree Night at the beautiful Double Tree by Hilton Myrtle Beach Ocean Front Resort on March 22, 2019. The presenting sponsor for our event this year is Grand Strand Health.

This evening will offer a night of Island style fun with Island themed food, specialty drinks and dancing, frivolity with friends old and new, and a celebration of community all to benefit our local Fire & EMS personnel right here in Horry County.

The event will be held in the Springs Ballroom with doors opening at 5:30 p.m. and starting off with a cocktail hour on the ocean front balcony and silent action before an Island Style Buffet Feast. Global Truth Entertainment will provide us with music and dancing until late in the evening. There will be lots of fun extras such as raffles, a photo booth and giveaways throughout the night.

All proceeds from the evening will benefit the Horry County Firefighter's Relief Fund.

Our Organization

The Horry County Firefighter's Relief Fund was organized in the fall of 2009 and since has assisted many firefighters and their families in great times of need. As a 501c (3) non-profit organization, HCFFRF is dedicated to assisting and improving the lives of Horry County firefighters, rescue workers, their families, and the communities they serve. Whether affected by injury or a life threatening illness, our goal is to provide as much relief as possible. Here is just some of the ways in which our organization helps our Horry County community:

- **HCFFRF assist Firemen and EMS workers in times of need and/or hardship by making emergency funds and resources available when they need it most. We service any Fire and/or EMS worker in the limits of Horry County from North Myrtle Beach FD, Myrtle Beach FD, Conway FD, Surfside Beach FD, Horry County Fire Rescue, Murrells Inlet Garden City FD, & Loris FD.**
- **HCFFRF sponsors two Horry County children on a trip to Medical University of South Carolina (MUSC) Burn Children's Fund Camp-Can-do annually. This opportunity allows these children to**

participate in activities geared towards creating positive self-images while being surrounded by peers who share similar medical experiences.

- **HCFFRF gives \$1000 annually in scholarship money for two deserving Horry County Residents completing the Fire Service or Emergency Medical programs with Horry Georgetown Technical College.**
- **HCFFRF volunteers our time, skills, and resources to our family of firefighters and EMS workers and the surrounding community. We host fundraising events, provide funds, personnel and apparatus for funerals within our fire families and create an opportunity for people to help those who tirelessly and selflessly protect our community.**

Why Sponsor this event?

The big looming question: Why Sponsor this event for the Horry County Firefighter's Relief Fund?

HCFFRF is a 100% volunteer based organization. Our board members are all volunteer and receive no monetary compensation for their efforts. Donated money stays local, and helps build the future of firemen and rescue workers right here in Horry County. Funds raised at this event will go directly to assisting local firefighters and their families who are in need. Whether a family is experiencing a medical emergency, hardship or a loss of life, the HCFFRF can step in and quickly become a support system they can count on.

We had two very successful Fireman's Ball Formal events the past two years, and now we have a great following by our Horry County community. This event in March is designed around that continued sense of community while highlighting the first responders our area counts on most. We utilize sponsorship partnerships to cover the majority of the event cost. This means that all funds raised through our ticket sales, raffles and silent auction will go directly to the individuals we service.

By becoming a sponsor for this event you will not only help your organization be visible to more people in the community, but also keep our organization going! By donating to our cause you are making a direct impact on the lives of the individuals who protect our community here in Horry County. We would love for you to experience this wonderful night of community, charity and family with us and we humbly ask for you to consider making a contribution at this time. If you have any questions at all regarding this event or our organization please feel free to contact us.

Sincerely,

Dennis Picard

President of The Horry County Firefighter's Relief Fund
